FEATURES

100% FOOD GRADE
18/10 Stainless Steel

3PLY COOKWARE

Triple Action: Three layers of superior quality metals bonded together.

Super Efficient

- Cooks faster : Even heat distribution - retains heat.
- Fuel Efficient : Due to the combination of alloys, food continues to cook even after the stove is off, thereby saving on fuel.
- Safe and Hygienic: Food Grade metal and rust-free.
- High quality, corrosion free, Food Grade Stainless steel lids, rivets and handles.
- Easy clean mirror finish for an added sparkle.

Superior technology

- Multi-Usage : Suitable for all types of cooking. Stove tops, Electric plates, Ovens and Induction.
- Easy to Handle – Unique technology which keeps handles cool and food - hot!
- Total thickness of 2.5 mm, therefore food doesn't get burnt and is cooked evenly.

Sturdy & Long lasting

- Highest quality Food Grade stainless steel, created with fusion of metal alloys.
- Triple Action: Three layers of superior quality metals bonded together.
- Made from sturdy, finest quality metal alloys.
- Made to last a lifetime!
